Reasons for comment:	
Comments:	Looking at the comments already highlighted and going the the meeting at the scout hut in meopham I'm in total agreement with why the proposed development should not take place . My main concern is for the older residents who do not have access to email computers and mobile phones , would it not be an idea to do door to door surveys to find out the try feelings and concerns of all residents this development will be effecting. A leaflet though the door is not the answer. I cannot believe that more than a mere handfull of people are actually in favor of the devastating effect it will have on such a vast majority of all residents. I have also spoken to quite a few middle aged people who know nothing about any of these changes. [REDACTED]

Kind regards
