FAO: Planning dept

Dear Sir/Madam

County of Kent Act 1981 Section 53

Re: Green hydrogen production facility Kimberley Clark Ltd, Northfleet Mill, Crete Hall Road, Gravesend, Kent, DA11 9AD.

Following my assessment of Fire and Rescue Service emergency access provisions for a screening opinion application number 20230909 I would like to make the following observations.

It appears that the emergency access requirements for the Fire and Rescue Service, under the above 1981 Act, would be met.

Applicants should be aware that in the event of planning permission being granted the Fire and Rescue Service would require emergency access, as required under the Building Regulations 2010, to be established.

Fire Service access and facility provisions are a requirement under B5 of the Building Regulations 2010 and must be complied with to the satisfaction of the Building Control Authority. A full plans submission should be made to the relevant building control body who have a statutory obligation to consult with the Fire and Rescue Service.

If you require any further advice, please contact this office using the details above. Please be aware that the Building Safety office hours are 09:00-17:00 Monday to Friday.

Yours faithfully,

Jon Tuttlebury
Fire Safety Inspector
