Dear Sir/Madam

I would like to inform you that I would like to oppose the application for Erection of part first floor, part two-storey side extension with rooms in the roof. because it will shut out the only natural light I get in [REDACTED] kitchen which will cause [REDACTED] to have [REDACTED] lights on when [REDACTED] go into the kitchen and as me and my wife are 73 years old and retired we would find this very expensive and unable to do as when he put the extension and loft room last time we lost a percentage of the light coming [REDACTED] kitchen then and this new extension would mean we would lose the rest of it.

Look forward to your reply.
