Reasons for comment:	
Comments:	As a local resident, I fully support this small local community business planning application for a delivery service. This family-run business, operated by a husband and wife who have created a welcoming space and a community hub. Since opening, they've had no adverse impact on the neighbourhood, and their delivery service would make their food more accessible, for those with mobility issues like myself. Unfortunately, I've experienced a resident lobbying me and others to formally object, trying to force their views on us. This behaviour feels selfish and doesn't reflect the community's support for the business. I trust them to manage any concerns responsibly, and I hope the council approves this application to benefit both the business and our neighbourhood.

Kind regards
