Reasons for comment:	
Comments:	<p>This development is completely out of keeping for this rural. Village. The land owners and developers have no interests other than making as much money for themselves as possible.</p> <p>The village does not have the infrastructure to cope with a development of this size. The developers know this, but this is of no interest to them. Local already busy roads are not designed for the increase of traffic that this will cause. Local medical services and schools are already at capacity. The green belt is precious and should not just be given away in the pursuit of money.</p>

Kind regards
