Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>I wish to object to this proposal due to the combined scale of development currently proposed within Meopham. The cumulative impact of multiple housing schemes would result in a level of development that is disproportionate to the size and capacity of the village.</p> <p>Concerns include increased traffic across the village road network, pressure on schools, healthcare, and public services, and erosion of Meopham's character as a village rather than an urban extension.</p> <p>When assessed alongside other proposed developments, this scheme risks causing incremental but significant harm to the character, infrastructure, and sustainability of the area. I therefore urge the council to consider this application in the context of existing and pending proposals before reaching a decision.</p>

Kind regards
