Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Losing the Veterans Club facility would be detrimental to the local community as it provides the scarce resource of a large hall. The site of the veterans club is also very high profile in terms of the character of the Conservation area, it would significantly change the character of the park and the profile of the junction. It is also a very rare and unusual building, typical of its period. There are few such building remaining. There are also considerations of increased pressure on parking for local residents such as myself who do not have a private drive to park on which is the case for most properties in the local area.

Kind regards
