Reasons for comment:

Comments: It is my understanding that this site is wanted to store and load up to 60 lorries. As someone who lives on one of the roads that these lorries will use to exit the premises I am disgusted that this is even a suggestion! Our road is far too narrow to cope with such traffic and it will result in inevitable property damage to cars, garages, walls and anything else along the road. Furthermore, Istead Rise is a quite, peaceful village and it is my opinion that such a site with so many lorries coming and going will ruin this. I have fears for the safety of school children - the primary school is on one of the proposed routes for the lorries and I am concerned that a lorry may not be able to stop in time if something were to happen. Finally, I refuse to believe that any lorries would ever manage to get out of Downs Road past the primary school at school drop off and pick up time - parents block the roads for residents at the best of times, a lorry would make this situation far worse and traffic would grind to a halt. Please please please do not consider putting such a site in such a location - it is madness and would be utterly irresponsible to do this!

Kind regards
