Reasons for comment:

Comments:	There are already too many cars and lorries using the roads around this area. Not enough school places and funding isn't always the answer staff in is the problem. [REDACTED] only had substitute teachers all year last year. Money won't help with that as the funding was there but the staff just didn't apply. More houses is not the answer to the problem it's a quick fix that won't work long term. Meopham as an area cannot take any more houses the roads are often congested and flooded (whenever it rains), there isn't the walking facilities and public transport is awful. The doctors and hospitals cannot take any more patients that more houses will bring. Are you funding a new hospital and STAFFING it. I very much doubt it. This land is irreplaceable once it's gone we will not get it back. What about all the products produces? There are many other plots of land that is better suited ones that you have already destroyed. Please do not destroy this beautiful area just for greed.
