

Heritage Statement Addendum

Port of London Authority Port Control Centre Redevelopment

April 2025

1.0: Introduction.

1.1: This Addendum provides an update to the previously submitted Heritage Statement which forms part of planning consent 20221294 and Listed Building Consent 20221295 and should be read alongside this statement.

2.0: Amendments.

External landscaping proposals: External lighting:

2.1: Paragraph 5.10 of the statement has been superseded. Further details on the proposed lighting including visuals can be found on pages 59 and 61 - 63 of the Design and Access Statement, and page 15 of the Port of London Port Control Centre landscaping statement.

External landscaping proposals: Street Furniture

2.2: Paragraph 5.15 of the statement now superseded. Further details on the existing information board and plaque can now be found on page 16 of the Port of London Port Control Centre landscaping statement.

2.3: Paragraph 5.16 of the statement now superseded. With regard to the plaque commemorating the construction of the building. Due to the proposed amendments this will no longer be covered up by the proposed landscaping so will now remain in place as existing.
