Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Again, I find myself having to write and object to either another retrospective or new planning application for this site. This and all previous applications should be refused on the grounds that everything done here is in breach of planning and therefore illegal. Unfortunately, this does not stop the traveler community residing here basically doing what they want. Surely Gravesham Borough Councils planning department should be doing more to stop this. The damage being done to the trees in the lane is disgraceful and there is no thought whatsoever for other people's property. Everything about this site and the applications is unlawful. There has been the erection of high fencing, the constant barking of dog's day and night and aggressive behavior towards members of the public and residents of the village. All through the summer there was the constant noise of plant machinery coming from the site, which was obviously where they were doing all the groundwork for what they have now requested planning permission for. If something is not done to stop this, I feel this site will just continue to grow. These are my objections to this application.
