Reasons for comment:	
Comments:	I strongly object to this application . This is prime agricultural land which is used for vital food production and provides a buffer between Meopham and Sole street distinguishing areas . The building of these house will put added pressures on already overstretched amenities and road networks. the A227 is already heavily used and has dangerous elements to its route . The junctions at Green farm Lane and Owletts are entirely unsuitable to support any increase in traffic flows as is The Street at Cobham which is a notorious cut through especially when the A2 is blocked .

Kind regards
