Reasons for comment:

Comments:	I am raising objections to this application on the following grounds. 1) This is designated as Green Belt conservation area and should be respected for that classification. It provides an important link between ever decreasing larger green belt land in the area vital to the ecology of the area which is close to SSSI, AONB, and Ancient Woodland. The area is noted for supporting bats, great crested newts, hedgehogs and owls to name a few key and valuable species of animals. [REDACTED] 2) [REDACTED] I am aware that a previous, long time, owner of the land tried for many years to build on this plot and was constantly refused planning. I would like an explanation from the planning department, if allowed to go ahead, why this current planning application should be granted! 3) It is my opinion that this application is not in keeping and bad for the area and residents of Shorne. 4) Light and noise pollution will be the wildlife that inhabit the site and area. 5) I can envisage severe loss of business to the See Ho will happen.
