Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	As a long-term resident of Tennyson Walk I was dismayed with the proposed plans to turn the bungalow at 45 Tennyson Walk, into a 6 bedroomed house. I therefore wish to keenly object to this planning application. The scale of the plans seems completely out of proportion to the neighbouring bungalows and homes in its vicinity and not in keeping the large number of bungalows that make up this road. I'm sure the upper level would create new overlooking opportunities to the rear gardens of neighbouring homes. The height of the proposed build I feel would most certainly reduce daylight and sunlight to those homes alongside and opposite. I am also sure that this increased height would feel oppressive to those neighbouring. With the proposed plans I am sure this would bring extra traffic, reduced parking opportunities on the road and increased risks for drivers and pedestrians through not only on the road but also the public footpaths. Hopefully you have taken into account that there should be adequate off-street parking to match the increased size of the building. A project of this magnitude will bring additional; noise pollution, air pollution, trades vehicles, general disruption with deliveries and drop offs of materials, which should only occur in the permitted hours and days, and all of this will most certainly last for months. To conclude I feel the planned extension is not in keeping with the rest of Tennyson Walk, in respect of the sheer size of it, and also to the many neighbouring bungalows it would reside between.
