Commenter Type: Neighbour

Stance: Customer made comments neither objecting to or supporting the Planning Application

Reasons for comment:

Comments: Following the site plans, the only objection that I have is regarding the access walk way from Coombe Road. This is a No through way road and as parking is already an issue for residents, I feel strongly that this would add to the issue. Although allocated parking for the new buildings will be provided the overflow of additional cars will be parking in Coombe Road, as will for those people attending the surgery. The street view drone images provided are completely outdated. Also the park area being provided will attract youths to the area possibly causing ASB issues. We already have a Garage business in Coombe Road which uses the road for vehicles awaiting repairs. Therefore, public access should not be granted within the planning permission as suggested. I would also like to add why those residents living at even numbered properties were never informed of the plans for the area in question., as it will affect everyone living in the road??? Thank you.

Kind regards
