Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I have objected due to the impact on our neighborhood have safety concerns regarding traffic and parking. We have many elderly and disabled home owners and council tenants along the roads surrounding this location and the current infrastructure barely caters for the amount of vehicles currently let alone with an even further increase to overwhelm the area. Emergency vehicles struggle to gain access along the smaller roads during these times which has a direct impact on our community. There is also not an implemented travel plan on this application, when it was applied for to be changed into a leisure centre nothing was implemented by the council. I also appeal to object over these following issues. - Loss of light or overshadowing. - Overlooking or loss of privacy. - Visual appearance (for example, design, appearance and materials). - Layout and density of buildings. - Traffic generation, highway safety or adequacy of parking. - Noise, smells and disturbance resulting from use. - Loss of trees. - Effect on listed buildings - Relevant planning policies (for example, government policy statements, the local development plan and supplementary planning guidance). - Also the potential loss for property value.
