Reasons for comment:

Comments: Dear Council

I live on Coombe Road and I would like to object to the part of the proposals. I do not want Coombe Road to be opened up as a walkway from Coombe Road into the new development. Coombe Road is a quiet street with mainly only residents and their visitors accessing it. I do not want strangers walking up and down, using e-scooters and generally hanging around at the entrance to the walkway. Both sides of the road have back passage access walkways which only we are aware of. If strangers learn about this access to the back of our houses, I believe this could lead to burglaries and undesirables hanging around causing trouble.

Access to the development will also encourage those new residents to park their cars on our road if they have more than one car. We already have issues with lack of space and do not need this added to.

I have no issue with the land being developed as there is a severe lack of housing in Gravesham but I can see no reason why the end of our road needs to be opened up which will cause us issues and probably expense as I certainly would want to upgrade my house security as a result.

Kind regards
