The foul drainage for the above site has been designed to connect to the existing Southern Water foul sewer that runs in Pear Tree Lane. A proposed layout is shown on drawing 25021-HOD-XX-ZZ-DR-C-5100-P01 – Engineering Layout.

Connection to the foul sewer will be subject to a S106 connection consent with Southern Water.

We trust that the above meets with your approval, but please do not hesitate to contact the undersigned should you have any queries.

Yours sincerely,
