Reasons for comment:	
Comments:	I wish to object to this application. The development is on green belt land and already has an injunction in place from previous planning applications. The proposed site entrance is very close to the lane which is a narrow country lane mainly single track and is not wide enough to cater for such traffic. The siting of a previous illegal mobile home caused significant damage to trees and the surrounding area and this is likely to continue. There are no proper facilities for 8 more mobile homes plus day rooms i.e., no rubbish collections or agreed facilities resulting in rubbish being burnt. Development has already started on the site which is against the law with no planning permission granted who knows how many caravans could end up here if any permission is agreed.Tarmac has been poured on the grass and large fences installed all illegal.

Kind regards
