Reasons for comment:	
Comments:	1. Road unable to sustain any more houses or vehicles, particularly with all the drop kerbs in place and now with the proposed additional ones. 2. Our garage will appear to be part of the new build. This is totally unacceptable. We also have concerns that visitors will be parking on our drive. In our opinion there's not enough space in the road for another house. 3. It will become very difficult to maintain our garage. 4. In our opinion these issues are exactly the same as the ones in the previous application that were rejected by Gravesham Council. 5. Water pressure is very low at times. Is the infrastructure man enough to accommodate another property??

Kind regards
