Reasons for comment:	
Comments:	<p>It doesn't matter how many times this comes back to planning, in any shape or form. When will the owner understand? He has brought a house, it needs to and should remain as a house. A family home, not a property split into flats, multiple bedrooms or otherwise. Once again the plans are flawed and the same issues prevent support for this iteration, as per the previous two iterations. Lack of space, lack of consideration for neighbours and lack of respect for the property history, surroundings, character of the area and intent for buildings original purpose. Please stop wasting your money on planning and design efforts. Sell up and let a home be a home for a family who wants to live in what is potentially a beautiful family property.</p>

Kind regards
