Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	My objection to this planning proposal is based on the proposals not being in line with the properties currently in the neighbourhood. There are no provisions for sewage and water outlets and the access is on a very narrow lane. Previous planning applications for a permanent structure was refused for no logical reason, so to allow temporary structures which may be moved around the plot at the owners whims seems illogical. There would appear to be proposals for accommodation for a large number of people, potentially using the quiet road at unsociable hours of the night with vehicles disrupting the immediate neighbourhood which consists of elderly and invalided people.

Kind regards
