Reasons for comment:	
Comments:	I wish to register my objection to yet another building application for more houses in Istead Rise. We are at saturation level as it is. Water, Roads, Doctors, Dentist, School are at total capacity. The parking situation is chronic with roads being reduced to single width due to the cars parked outside houses. Coupled with delivery drivers, refuse collectors and emergency response vehicles. It is a total nightmare. The idea behind this application has not been well thought out at all. The Government should be encouraging Farmers to grow our foods so we are more self sufficient instead of importing everything which has to be more costly.

Kind regards
