Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this planning, as I feel it will severely negatively impact the environment. The houses will not be affordable as they will be aligned with inflation where wages are not. Furthermore it will create more noise pollution and more traffic which will be dangerous for the children that can relatively walk safely to school. In addition to this, it will create more competition for spaces in the local school which is already over populated.

Kind regards
