Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I would like to object to the above proposal. The above would result in all resident parking being removed. Due to recently passing my test we now have three cars within our household. These plans would mean that we would have no where to park. Traffics is already heavy on our rural roads and this will only increase if permission is granted. House price will depreciate. My elderly grandparents will also be affected as this will make it impossible for them to visit due to lack of parking. Our house has no mainline gas , so without parking the oil tanker will not be able to deliver fuel

Kind regards
