Commenter Type:	Neighbour
Stance:	Customer made comments in support of the Planning Application

Reasons for comment:

Comments:	I absolutely strongly object to this application hundreds of trees were cut down without authority to give access to the lane for this caravan to be installed on this land. Two extra entrances have been created along the lane. Was there permission for this? The total devastation to the area is unacceptable. Trees have been hacked at not cut down professionally. Debris left on peoples land and in the lane. Since then a caravan has been dumped in the lane subsequently burnt out. What investigations are being done about this? I would like to know are they paying council tax? What about waste. We all look after our properties in the area and an adhere to the councils government procedures have they? This is a widely used lane for horses and for dog walkers the amount of traffic This would cause is not acceptable. This caravan should be removed and no planning applications or installations should be allowed.
