| Comments:            | <p>I am concerned about the destruction of the trees and land caused by the placing of the large mobile home. The impact on the environment and little consideration given to wildlife gives little hope of care and attention for any further action taken by the applicant in relation to the area.</p> <p>I have been surprised by the lack of action by the council or law enforcement in the relation to the damage etc.</p> |
