Reasons for comment:

Comments:

I strongly urge the council to reject the proposed housing development in Meopham. As a resident of 15 years, I have witnessed the escalating strain on our community's infrastructure. The current situation is unsustainable: parking is wholly inadequate, schools are beyond capacity, waste collection is insufficient, roads are severely congested, and essential services-including shops and medical practices-are under immense pressure. Approving hundreds of additional homes will push these systems past breaking point and directly endanger the wellbeing of residents. The area near both Meopham Community Academy Primary School and Meopham Secondary School is already a critical congestion hotspot, posing an immediate safety risk. The ongoing transformation of Meopham from a rural village into a densely populated area, driven by increased through-traffic on the A227 threatens the very character of our community and the quality of life for all who live here. This development will inevitably worsen overcrowding, crime, and traffic hazards, while eroding property values and undermining local businesses. The supposed benefits are unfounded; the damage to Meopham will be permanent and irreparable. If this proposal proceeds, it will force long-standing residents to leave in search of a liveable environment. Such an outcome would be a grave failure of responsibility and a clear disregard for the needs and safety of the community.

I urge the council to act decisively and reject this application without delay, in order to protect Meopham's future.

---

Kind regards
