Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I would strongly object to this planned development for several reasons. The main one being the extremely close proximity of the proposed development to a special needs school. The works access is planned on a road that is already extremely congested with cars double parking along the longfield road. The noise, air quality and added safety concerns could seriously impact these vulnerable children. Plus, with a second school and a nursery in the immediate area too, the safety risks of having heavy machinery, plant and construction vehicles, along with the added traffic that the properties would eventually bring, would be far too great for the children coming and going.

Kind regards
