Reasons for comment:

Comments:

I strongly object to the land being granted permission for use as a traveller site or any sort of development.
This is green belt land and subject to an existing order citing that it should not be developed.
Despite this we now have countless homes on the site and the traffic including commercial Lorry's has multiplied considerably.
This is (or was) a quiet lane with no pathways and is not suitable for the number of commercial lorry's & 4x4s that we now see going up and down the lane, most driver's not paying any attention to speed awareness.
The lane is regularly used by the elderly, Dog walkers, Children & people out for a walk and they are seriously being put at risk by the increase in traffic and the speed at which I now see traffic going to and from the site.

Is the site also being approved for commercial use, because I think it already is.

This of course does not even mention the damage to the trees / vegetation already done and the wider knock on impact to local wild life.

Kind regards
