Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	I object to this proposal for the following reasons: This proposal, and the other proposals will fundamentally change the character of our villages. The lack of infrastructure available not only in the way of doctors/dentist/hospitals and schools but also a lot of our country roads do not have pavements - this will pose a significant risk to villagers safety (as it already does due to increased traffic!) The proposal(s) will create additional pollution in the way of light, air and noise. Our greenbelt must be protected and more appropriate sites sourced - brownfield sites and vacant housing. These proposals are creating inappropriate encroachment on our countryside. All applications should be considered as a whole - as there are so many currently active and threatening our villages - not singularly - non of the proposals are providing additional public services or addressing the main impact on our villages
-----------	---

Kind regards
