Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this proposal for reasons including - Green belt land should be protected. This land consists of high quality agricultural fields which must not be lost. Development would mean the loss of important wildlife habitat. The merging of local villages should be prevented. Facilities on Meopham village cannot cope with increased population attributable to this proposal or any part of the combined proposals in the immediate area. Related traffic will increase congestion to the point of gridlock on the village and road safety will be seriously compromised. Village infrastructure including doctors, schools, water supply and waste water handling cannot sustain proposed developments. Flooding especially flash flooding is already an issue which will be worsened endangering roads and properties in the area. Openfield development should be fully employed.

Kind regards
