Comments:

This amount of houses is an outrageous blight on our area. Have you any idea the problems this will cause on the already overcrowded A227?

One set of traffic lights can cause absolute chaos and queues of over an hour already.

Our Doctors surgery at Meopham is already at capacity. You cannot get an appointment there for love nor money as it is.

People moved to this area because they love the countryside. They paid good money for their homes to live in an area of their choosing, in an environment of their choosing. Why would you take this away from them? It's greedy and unnecessary and totally unreasonable.

The A227 is a cut through between the A2 and the M20, and is severely overcrowded and busy when either of these roads have any issue. The surrounding lanes cannot cope already with the volume of vehicles, especially the larger vans and lorries. A potential extra 1500 cars will just add to this chaos. With the lower Thames crossing being built, you can guarantee there will be more traffic on the A227 as a consequence of the disruption the building works will create on the A2.

Allowing this building development will bring years of misery to the residence of Meopham and the surrounding areas.

Thank you

[REDACTED]

Kind regards
