Conversion of integral garage to habitable space and formation of a front porch.

The Parish Council has no objection in principle to this proposal.

Garage conversion:

Other properties in the area have undertaken this. It is not clear from the plans whether there is already residential use of all/part of the garage preventing parking use. The number of bedrooms in the house is unchanged and the front garden is already almost fully paved for parking.

Infilled porch:

Several houses locally have already done this, although the subsequent appearance deviates from the original style of the houses.
