Reasons for comment:

Comments:	I totally object to this planning under the terms set by the new Governments 2024 rules for travellers sites. Sites in rural areas and countryside Policy C 14.When assessing the suitability of sites in rural or semi rural settings, local authorities should ensure that the scale of such sites does not dominate the nearest settled communities. The nearest communities are adjacent to this site not 1 mile away this is enough reason to object this application. Policy E Travellers sites in green belt 16.Inappropriate development is harmful to the greenbelt and should not be approved, except in very special circumstances. Travellers sites (temporary or permanent) in the green belt are inappropriate development unless the exceptions set out in chapter 13 of NPPF apply which they clearly do not! I have friends in this area who are beside themselves with lack of action by the council refusing to enforce the governments law.
