Reasons for comment:

Comments:

I am writing to object to the proposed traveller approval on Whitepost Lane.

Since their unauthorised arrival - which involved destroying the local countryside with no regard- their impact on the local community has been palpable and any further approval for this site will have a devastating effect on our village.

I understand that there is a need to provide traveller sites but our village should not bear the weight of that when there are plenty of other sites that would impact villages less. Local residents of our hamlet are unable to develop their houses/ land and for good reason so why are GBC allowing for the destruction of greenery by non-residents !

We have seen an increase in fly tipping/ rubbish around the area they currently occupy , the road blocked for illegal work, threatening behaviour and preparation for illegal additions yet no recourse from the tax payers council

They have shown a complete disregard for OUR environment and affected the biodiversity of the area they have disregarded injunctions and laws. Rules are being constantly broken and disregarded with no recourse or consequence and the impact of that continuing is very frightening to local villagers, who have been shown no support from any local authority that we not only pay for but are supposed to trust to work for us as our electorate.

I emplor that this application be considered with local residence in mind and the impact on their lives and the village and not be a tick box exercise.

Kind regards
