Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I write on behalf of the national Open Spaces Society to object to this application. It is unacceptable to site an industrial development in a sensitive area within a National Landscape, and we deplore the adverse effect this will have on the public rights of way in the area. Residents and visitors enjoy walking, riding, and cycling on the paths here, and they come for the tranquillity and ability to get away from modern-day pressures. The development would destroy that. We strongly urge that it is rejected.

Kind regards
