Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I strongly object to the proposed planning application to build 100 new houses on the green belt site which is known as Blackthorne Farm. This area contains a number of protected species including newts, bats and a variety of native bird species. An ancient woodland lies adjacent to the site which must also be protected.</p> <p>The A227 is already an extremely busy, congested and dangerous road, building more houses will undoubtedly only result in more vehicles using the road. Also the increase in traffic volume will have a negative impact on air quality. The existing infrastructure schools, doctors, electrical supply etc will simply not cope with the significant rise in population not to mention the very real threat of an increase risk of flooding as the existing drainage system is already flooded at times with run off surface water.</p> <p>This proposal goes against Gravesham Boroughs statement that they intend to prioritise redevelopment of brown belt sites, this land is GREEN BELT and therefore must remain so.</p> <p>Meopham is a village and must remain so at all costs.</p>
