Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	<p>Concern over the amount of extra cars that the new homes will bring to an already compromised and busy road A227. This will also impact the air pollution in this area. The road is regularly heavily congested and even more so when there are problems on the A2 and M20.</p> <p>The infrastructure of schools and doctors surgery will not be able to deal with the extra people living in the proposed houses. I believe that the doctors surgery are no longer accepting new patients.</p> <p>How will the residents of the portion of affordable housing, which must be included, be able to access these services if they have to travel out of the local area as we have a limited bus service operating.</p> <p>The visual impact to local residents would be catastrophic as some of the land has high levels of environmental protection.</p>

Kind regards
