Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	Massive implications for the Meopham/Culverstone area which is not equipped with the necessary requirements to cope with such a significant increase in housing. The impact on the socio-economics will be overwhelming. Schools, nurseries, GP surgeries, emergency services, public transport, etc, will not be able to cope. The road system, ie A227 and surrounding roads are already stretched to capacity. The pollution caused by this development is not in accordance with healthy living conditions. This constitutes also a considerable threat to nature, the site being so close to ancient woodland and other areas of natural importance.
