Reasons for comment:	
Comments:	This is an absolutely absurd proposal with no thoughts for the residents at all. Perhaps it's more convenient for the HGVs who pass through but it'll have zero positives for the residents who actually live here and bought their properties based on the ability to park at the front of their own house. More pressure will be put on neighboring streets - which already struggle with the volume of cars and will therefore create safety issues. Higham residents have a right to not blindly accept these numerous changes being proposed to our village and home.

Kind regards
