Dear Sir/Madam,

Erection of replacement boundary wall at 1 Weavers Close, Gravesend

DA11 0SJ, UK.

Please find enclosed an electronic application form and drawings for the above referenced address.

The application site comprises of a detached property situated on the corner of Weavers Close and Darnley Road.

The proposal would improve the street scene as it has been mentioned by the applicant that the gap between the fence and the low height wall has always been used by people to dump rubbish. The low height wall is usually used as a bench on the way back from town of a night. It has been extremely difficult for the applicant to keep the gap clean and tidy, the litter also attracts rodents and foxes which are causing damage to the applicants property. (See Below)

We have considered the impacts on the surrounding properties and observed that the proposal has no harmful impact on the neighbouring buildings. If there are any concerns regarding the application, please do not hesitate to contact us.

Kind Regards,

Shanon Alexander

Architectural Designer
