Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	<p>I object to the proposed planning application.</p> <p>There is not enough space for parking on the road as it is. Traffic is already an issue, with volume and size of vehicles along the road in both directions. Some larger vehicles use the road, when they shouldn't be allowed due to the parking on both sides of the road, and damage caused to parked vehicles. I have seen 44ton lorries drive up our road.</p> <p>Additional vehicles in relation to the flats (over the allocated spaces) would be taking away parking for the residents of ER, some of whom struggle to park in our road.</p> <p>A NO LORRY SIGN is needed at the bottom and top of the road .</p> <p>A better use for the site would be to have the area made into a car park, with marked bays, then rented out to residents of Empress Road to assist with easing the parking on ER.</p> <p>Not to mention the increase in pedestrian traffic in this area through this application. There is already safety issues in the area without the flats being built. Pedestrians already walk in the road when there are two usable footpaths available.</p> <p>I myself have a [REDACTED] with multiple issues. She also has a Blue Badge, so we can park closer to our front door for her needs.</p> <p>She also needs an ambulance at times, and we need the road to be clear at all times to enable emergency services to access in an efficient manner. As do all residents in my road.</p> <p>Please reject this application.</p>
