Reasons for comment:

Comments:	I would like to firmly support the permanent mooring of the LV21 at St Andrews Quay in Gravesend. I think the current mooring of the LV21 has enriched the town centre. The presence of the ship creates a small oasis of culture between the St Andrews church and the Three Daws. The Elizabeth Gardens have become a great place to visit. A good example of this is the light festivals that have been held over the last few winters. Events held on this ship are unique experiences, which wouldn't be the same in an ordinary building. Climbing onboard a real ex-working ship for a cultural event is exciting, and gives you a direct connection to the area's maritime heritage. This is a really inspiring venue. It sparks the imagination. It's important to encourage imagination and creativity for local people. It's good for everyone's well-being. I think the LV21 is a great asset to Gravesend.
