Reasons for comment:

Comments:	The applicant has advised on the local Facebook page that this caravan will be used just for the stable girls to make drinks and have somewhere to sit. The size of the caravan is that of a small bungalow , with 2 bedrooms and a bathroom - why is such a large caravan needed . It is a way of obtaining permission for a dwelling by stealth. A shed would be sufficient. What application has been made regarding services to the caravan - has an application been made for sewage/ domestic water and power supply . Dwellings should not be permitted on agricultural land .
