

View from the house showing existing front wall, topped with railings.

View of existing railings joining at corner with 28 Shrubby

View of existing front railing of No 28. The square left post is to be moved to form the new junctions to the steps railings of No 27. Adding 1 or 2 new uprights to No 28 to fill the gap using same tops. Details of gate on No 28 to be copied for No 27

No 27 will be using the same railing tops as No 28 existing. These exactly match 28 Shrubby Road – available from James Hoyle and Sons.

Andy Mills 27 Shrubby Road Gravesend DA12 1JW		
Project: 27 Shrubby Road Gravesend, Lower ground floor wall removal for kitchen/diner
