Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this application for building housing on what should be protected green belt land. It will have a huge impact on the many properties bordering the piece of land in question, taking away their privacy and causing years of disruption and noise from the building work, if allowed to go ahead. Not to mention the effect on local wildlife and the fact that our GP surgery is closing and will have no local healthcare service. The local school is also oversubscribed and currently only one class intake per year with no room to be made bigger. The road infrastructure is already strained and will not be able to cope with the strain of extra construction traffic and all the extra vehicles more development will bring.

Kind regards
