Reasons for comment:

Comments:	1.This is green belt land. Developing it will see the destruction of habitats for wildlife known to live within and in close proximity to the site 2. lead to the merging of Meopham and Sole Street 3. affect the setting of the adjacent Kent Downs National landscape 3. lead to an unacceptable increase of traffic along the length of the A227 and the roads/lanes connecting including those at Hook Green as well the separate settlements of Istead Rise, Sole Street and Cobham 4.put pressure on already over subscribed local services including Medical centres and chemists at Istead Rise and Meopham 5. Lead to further flooding on the A227 - particularly at its junction with Norwood Lane where traffic is impeded during heavy rainfall and damage is caused to houses either side.
