Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this planning application on several grounds: The primary one is that we do not have the infrastructure to support an extra 725 new homes in this part of the village. Our Doctors' surgery is already at capacity and as a patient I have to wait several weeks to see my doctor. The roads cannot support that many extra vehicles as there are regularly traffic jams for those trying to reach the secondary school. Another objection is that the risk of flooding will increase significantly as the fields currently absorb much of the excess rainfall. Both Norwood Lane and Wrotham Road experience great difficulties in heavy rainfall and this development will further exacerbate this problem. My final objection is the impact that would be made on the wildlife in this area. I believe developing this land would cause major devastation to local ecosystems and wildlife habitats.

Kind regards
