Reasons for comment:	
Comments:	Screening needs to take place to evaluate the value of natural spaces for wildlife and carbon sequestration, as well as the health and wellbeing of residents and visitors. Housing is needed; I couldn't afford to live in the village I was born and grew up in, but it shouldn't be where they currently grow food when there are so many derelict sites in the Borough We are all aware it is a profit decision to build on easily accessible sites, rather than ones that need 'cleaning up' prior to development. Our health must come before profit

Kind regards
